 www.awr.com	<p>The AWR Design Environment platform provides RF/microwave engineers with integrated high-frequency circuit (Microwave Office), system (VSS), and EM (AXIEM/Analyst) simulation technologies and design automation to develop physically-realizable electronics ready for manufacturing.</p>	 https://www.aphena.com	<p>SoftPlot Measurement Presentation software, which extracts measurement traces from GPIB test equipment to put into reports and EDA softwar</p>
 CAD DESIGN SOFTWARE https://www.cad-design.com	<p>EDP tools created for IC Packaging designers and substrate related PCB, RF, Flex, Schematic, Ceramic, Die Bump, BGA, Lead Frame, Bi-Direction Gerber and GDS, 3D tools, Advanced routing, Documentation tools, Panelizing, ODB, Bondwire Export, IC Packaging Tools for Lead Frame, BGA, Semiconductor Packaging.</p>	 https://www.mician.com	<p>µWave Wizard™ is a full wave 3D electro-magnetic design automation suite with an hybrid solver approach that combines the flexibility of the Finite-Element-Method (FEM) with the speed and accuracy of Mode-Matching (MM) for cost effective development of passive microwave systems and components, including antennas.</p>
 www.mastsystem.com	<p>Lightweight Telescopic and Tactical Masts . Full range of Communication and Tactical Masts. Made from lightweight composite, these products can be used for a range of applications.</p>	 https://www.venturetec.de	<p>Specialist in the development and manufacturing of Slip Rings and Rotary Joints covering the entire range of electrical, optical and media rotary joints. Services include development, design, manufacturing, integration, quality control, training and after-sales service.</p>
 www.european-antennas.co.uk	<p>Chelton Newmarket, Specialists in the design, engineering and manufacture of microwave antennas. Flat panel, sector, omni, hemi omni and ultra-wideband antennas. Used in locations as diverse as UAVs, helicopters, aircraft, missiles, race cars, railway systems, TV cameras, weather buoys and satellites. Applications include WLAN, Link16, Surveillance, Telemetry, Electronic News Gathering, WiMAX, Common Data Links and Radar.</p>	 https://www.tallysman.com	<p>High performance, High quality GPS/GNSS antennas . Focused on high function, high performance technology and solutions. Our core competencies include digital wireless networks, RF and Global Navigation Satellite Systems (GNSS) component design.</p>
 https://sylatech.com	<p>Sylatech is leading UK based designer and manufacturer of passive waveguide assemblies. Our speciality includes the manufacture of Slotted waveguide antennas / assemblies, Monopulse Comparators, Custom Power Combiners / Dividers, Single and Dual Channel Waveguide Rotary Joints. We also manufacture cast waveguide bends specialising in thin-wall, light-weight bends and assemblies particularly useful to the space sector.</p>	 www.optisys.tech	<p>Optisys can provide solutions from 1 to 100GHz, from feeds and flat panel antennas, to phased arrays and Synthetic Aperture Radar, and a great deal in between. We also design and fully integrate, as part of the radiating element, peripheral aspects of the RF aperture, such as filtering, combiner networks, wave guide switching, diplexing and much more.</p>
 RF & MICROWAVE TECHNOLOGY http://www.netcominc.com	<p>Lumped element tunable filters HF, VHF, and UHF Band Pass filters . Netcom's experience includes the development of tunable filters, RF amplifiers, LC filters, and a diverse range of custom integrated assemblies. These products are used within systems throughout the world in military, aerospace, wireless, and medical applications</p>	 https://arralis.com	<p>Solutions for Communications and Radar systems, specializing in the design and build of high-frequency Transceivers, RF and mm-wave Sub-Systems, MMICs and innovative Antennas</p>
 https://www.getelec.com/en	<p>Specialist shielding materials for military, space, aerospace, telecommunications, medical, marine and automotive Getelec protects your equipment</p>	 https://paricon-tech.com	<p>Interconnect products that work at a pitch as small as 100 microns and at speeds over 100 GHz . PariPosers are available as a sheet of fabric, or as a component in assembled connectors and sockets.</p>
 TECHNOLOGIES, INC. https://www.relcommtech.com	<p>RF Coaxial Relay Products operating from DC to 40 GHz.</p>	 www.galliumsemi.com	<p>Gallium Nitride (GaN) based RF semiconductor products to cost effectively deliver the highest performance and efficiency for 5G communication networks as well as Aerospace and Defense and Industrial, Scientific and Medical applications</p>
 Powering your Performance https://www.varioprint.com	<p>PCB Circuit boards for electronic system solutions. Our products are first-class, reliable, competitively priced and individually customised.</p>	 a global litracom company https://www.foxcom.com	<p>RF over Fiber (RToF) Links for Satellite, Military, Iridium and GPS repeater solutions, Repeater solution re-radiates satellite/GPS signals indoors</p>
 www.cobhamsatcom.com	<p>Cobham SATCOM has a variety of land based satellite communications systems serving a diverse range of users and providing connectivity to businesses and industries operating in remote areas.</p>	 Millimeter Wave Products Inc. http://www.miwv.com	<p>Microwave and Millimeter wave products for commercial and military applications . Global leader of millimeter wave products and microwave, technology, components and assemblies. From custom designed systems to volume order production in the 5GHz to 325GHz spectrum.</p>
 http://www.space-path.com	<p>Wide range of high-power travelling wave tube amplifiers (TWTA), redundant system controllers and sub-systems. We also offer a comprehensive range of solid state amplifiers (SSPA) providing small, lightweight, efficient power solutions covering all uplink frequencies.</p>	 https://www.comtechpst.com	<p>PST-Comtech RF and Microwave solid-state power amplifiers in frequency ranges from 1 MHz through 18.0 GHz, with output power levels ranging from 5 watts to over 30 kW. Standard and customized products are available in amplifier module building blocks and rack-mountable amplifier units.</p>
